

WinStar World Casino and Resort Debuts Renovated Redbud Golf Course

18-hole championship course features precisely leveled teeing areas and top-quality greens

THACKERVILLE, Okla. (May 28, 2026) – [WinStar World Casino and Resort](#) recently unveiled its highly anticipated renovated golf course – [the Redbud Course](#) – to the public.

Originally designed by world-famous golf course architect D.A. Weibring and Wolfard Golf Design, Redbud was meticulously renovated in 2026 to deliver the highest standard of play. The enhanced course features laser-leveled tee boxes, resilient Tahoma 31 fairways, well-defined Tifton 10 roughs, and consistently smooth TifEagle greens.

The course was thoughtfully crafted to accommodate a range of playing styles, providing a balanced mix of playability and challenge for golfers of all skill levels with playable yards ranging from 4,900 to over 7,100. The addition of strategically placed bunkers adds more complexity to the course, while new Oklahoma native foliage brings out the natural beauty of the Red River Valley.

“We designed Redbud to capture the same winning spirit people love about WinStar,” said Jack Parkinson, president of WinStar World Casino and Resort. “The world-class, versatile course is a beautiful nod to the Sooner State. Redbud gives golfers exactly what they want, whether that’s a competitive challenge or a relaxed day out on the greens with a stunning Oklahoma backdrop.”

[WinStar Golf Club](#)’s other championship course – the Scissortail Course – will open later this summer. Additional WinStar Golf amenities include:
